

Organise & Edit your Photos

Are your files and photos in a mess or just not backed up?

Learn how to transfer your photos from your Android mobile phone, Android tablet or digital camera to your computer.

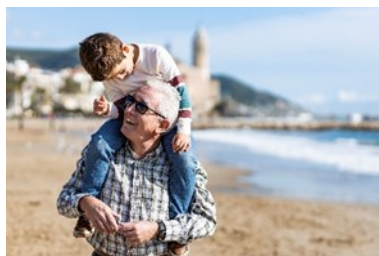

Learn how to name your photos...and organise them in folders so you can actually find them again. Learn how to copy and edit your photos using Windows Photo Editor and Paint 3D.

Discover and learn about online 'cloud-based' storage options.

DURATION:

*2.5hrs per
week across 4
weeks*
